

## PRODUCT INFORMATION DATA SHEET

# LIBNOL G-212

|                       |   |  |
|-----------------------|---|--|
| <b>DESCRIPTION</b>    | : | Oleochemical Derivative  |
| <b>SPECIFICATIONS</b> | : | Appearance : Creamish Powder<br>Acid Value : 5 Max.<br>Melting Point : 56 - 60°C   |
| <b>PROPERTIES</b>     | : | <ul style="list-style-type: none"><li>• LIBNOL G-212 is efficient internal lubricant for EVA Compound.</li><li>• Good Compatibility.</li><li>• Improve flow property with higher filler loading.</li></ul> |
| <b>APPLICATIONS</b>   | : | EVA Compound   |
| <b>USE LEVEL</b>      | : | 1 to 1.5 phr   |
